

I benefit from listening to XM Satellite Radio and its traffic and weather channels. XM Satellite radio provides me with variety and quality that is not available elsewhere in my car. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
